

# REINSTATEMENT FOR PREVIOUS PURCHASE PLAN

---

This form is to reinstate distributors on the AutoShip Previous Purchase Plan (PPP). Those distributors who are on AutoShip are qualified for many benefits in the Tahitian Noni International compensation plan.

In order to remain on the AutoShip Previous Purchase Plan, a distributor must purchase 120 QPV each month.

If qualifying volume of 120 QPV is not purchased for two consecutive months, the distributor will be automatically taken off PPP AutoShip, which will disqualify them from certain bonuses, commissions, and promotions. Reinstatement will require the submission of a completed PPP Reinstatement Form and a qualifying order of at least 120 QPV. Please fax all AutoShip changes to 801-426-4260.
